# LAWTOMATION DAYS

computing the law, regulating the algorithm the transformative power of digital ecosystems

26-27 September 2024 IE University – Madrid

Much change has happened in recent years. Large segments of today's society are automated, at least in part, raising the need for further cross-disciplinary discussions.

The third edition of the **"Lawtomation Days" conference** aims to ideally "square the circle".

The key theme of the conference is **the transformative power of digital ecosystems**. We want to explore how technological advancements can be harnessed to create more sustainable, inclusive and ethically grounded environments. Ultimately, the goal is to provide a space for thought-provoking research that can drive forward the agenda.

On the one hand, the conference intends to explore how law can pursue the goal of automation in fields such as **consumer law, criminal law, labour law, public law, private law and trade law**. On the other, it aims to provide a constructive assessment of the multiple regulatory and legislative initiatives adopted to govern the digital world, including instances of institutional activism such as the AI Act, the DMA, the DSA, the Data Act, the AI Liability and Product Liability Directives, the Data Governance Act and the Platform Work Directive.

This conference edition aims to inject a **much-needed dose of realism** into a world grappling with contrasting attitudes—hype and alarmism—to shed light on the effectiveness, pitfalls and potential areas for improvement in existing legal instruments.

## Thursday, September 26

## Panel format and conference details

Presentations will be organized into chaired panels and the presentation time for each participant will be 10-15 minutes (12 minutes if there are five participants), followed by a Q&A.

The fully formed panels are indicated in the light blue row above.

All classrooms are equipped with a screen. If you wish to use **PPT or other visual aids**, please bring your presentation on a pen drive and install it during the break preceding your session.

There are **no registration fees**. The costs for meals will be covered by the organization. A no-show policy will be enforced.

# Practical information

The conference will take place in **Madrid, Spain, at the IE Tower** (also known as CALEIDO), located on Paseo de la Castellana 259E, 28046 Madrid. Directions can be found <u>here</u>.

**Metro** The closest Metro Station is BEGOÑA (line 10). After you get off the train, follow the exit signs leading to CUATRO TORRES BUSINESS AREA. Once on the street, walk toward the skyscrapers and look up for the tower with the IE logo on top.

**Taxi & Ridesharing** If you come by taxi or ridesharing, the most convenient drop off location is the main entrance of the EUROSTARS MADRID TOWER hotel. Once there, do not enter the hotel. Instead, walk around the building to reach the IE Tower in less than 3 minutes.

**Other Transportation Means** Depending on the location of your hotel, you may want to consider other transportation means, such as e-bikes or bus lines 66, 67, 124, 134, 135, 147, 173, 174, 175, 176, or 178. Citymapper is a useful transit app to navigate around Madrid.

Once at the Tower, proceed to the reception desk for check-in and for info on how to reach floor 24.

Our campus is fully accessible, but please let us know in advance if you have any special mobility needs.

Guests such as students, alumni, practitioners and staff are invited to register through this link.

## Contact details

**Convenors:** Francisco de Elizalde, Antonio Aloisi, Federica Coppola, François Delerue, Guadalupe Martínez, Yuliya Kaspiarovich.

If you have any questions, please contact us at <a href="mailto:lsabel.Garces@ie.edu">lsabel.Garces@ie.edu</a> and <a href="mailto:Luke.Jenkins@ie.edu">Luke.Jenkins@ie.edu</a>
